

READING CURRICULUM

STATEMENT OF INTENT

At Three Peaks Primary Academy, we recognise the importance of reading and its impact on children's education. Pupil's reading ability and knowledge acquisition are of great importance and with this in mind, we aim to provide a rich, stimulating reading environment which encourages a love of reading.

Our aim is for all pupils at our school, irrespective of their needs, abilities or social background, to be able to read fluently with understanding. We aim to meet and, if possible, excel the expectations set out in the Early Learning Goals and the National Curriculum.

Once children have the ability to decode text efficiently, we build word recognition and comprehension skills in order to build confident, secure, fearless and independent readers. We also want our children to understand the benefits of reading and enjoy opportunities to read.
